## WAS IT SUICIDE PACT?

**Startling Story of Five Girls Who Died by Their Own Hands.**

**TOLD BY WOULD-BE SUICIDE**

**Miss Helen Baxter, One of a Party of Six Young Girls Who Came to New York from St. Paul, Minn., Tells Police Fate of Companions.**

New York, March 16.—A startling story of how five young girls who came to New York from St. Paul little more than a year ago died each by her own hand, was told Saturday by seventeen-year-old Helen Baxter after she had made a vain effort to end her own life.

Helen said she was one of the party of six girls who came to New York to make their way in the world after receiving a course of training in a business school in the Minnesota city. She turned on the gas in her room Friday night but was found Saturday morning in time for her life to be saved.

When asked why she had tried to end her life, the girl astonished the ambulance surgeon and others who had crowded around, by her story of the fate of her friends.

"Why should I not be allowed to die?" she asked. "My five girl companions who left St. Paul with me a year ago, after we left school, have all committed suicide. I want to die as they did and join them."

"Was it a suicide pact?" she was asked.

"My five friends are all dead and they died as they chose," was her reply.

**ANARCHISTS DISAPPOINTED.**

**Big Crowd Assembled to Hear Emma Goldman, but Police Interfered.**

Chicago, March 16.—Nearly two hundred anarchists, socialists and others, assembled Friday night in front of a vacant store building at 392 Dearborn street to hear a lecture by Emma Goldman, but were disappointed. Forty or fifty policemen with Inspector Wheeler in charge, told the crowd to move. The police were there to enforce an order that came to Assistant Chief Schuetzler from the building department warning him to permit no one in the structure, which was declared to be unsafe.

Harold Leclair Ickes, the counselor retained by mysterious persons for the purpose of assuring the removal of the body of Lazarus Averpuch from the potters' field and the performance of a private autopsy, refused Friday to reveal the names of men and women who employed him.

Rumors were current that Attorney Ickes was engaged by prominent social settlement workers and well known Jewish citizens of Chicago.

**Goes to Meet Fleet.**

San Francisco, March 16.—Bearing a draft of a tentative program for the reception and entertainment of the battleships at San Francisco, Frank J. Symmes, chairman of the committee on reception and parade, will start Tuesday for Magdalena bay, where he will submit the program to Admiral Evans. Until Symmes' return many of the details of the entertainment and the dates on which the various receptions and parades will take place will be left open.

**Registered Mail Turns Up.**

London, March 16.—A cabled inquiry to Japan has elicited the fact that the fifteen registered mail packets which disappeared in January, supposedly while in transit on the steamer Celtic between Liverpool and New York, have turned up at Yokohama and have been forwarded to the United States.

**Judge Crisp Not a Candidate.**

Americus, Ga., March 16.—Judge Charles R. Crisp will not become a candidate for congress from the third district, and has so notified those friends who were endeavoring to induce him to enter the race. This announcement was made by Judge Crisp Friday.

## HOUSE STIRRED BY BACON.

**Georgia Senator Severely Criticizes President Roosevelt.**

Washington, D. C., March 16.—The severest criticism yet directed against the president by a member of the upper house of congress was delivered in the senate Friday by Senator Bacon. With continued aggressions by executives, he argued that this government would soon be as autocratic as Russia.

He declared that executive usurpation had continued unblushingly and even boastfully, for so long that the country had almost become accustomed to it. His words took on particular vehemence. So far did he diverge from his usual self-contained and orderly manner of speaking that he felt constrained to apologize during the latter part of his address for his heated manner. Though he declared that everything he had said was the truth, he thought it might be imprudent.

Senator Tillman protested that the apology was out of place. "If true, why imprudent?" he exclaimed.

Other democratic senators sitting near the Georgian insisted he had said no more than was proper. He then largely modified his apology, and insisted that he meant every word he had uttered.

What brought forth this unexpected and impromptu outburst from the senator from Georgia were published reports that the president had in course of preparation another special message to congress, in which he would reiterate his determination to force through certain legislation at this session of congress.

## GRAFTERS FOUND GUILTY.

**Sentences Given in the Pennsylvania State Capitol Scandal.**

Harrisburg, Pa., March 16.—The jury in the first of the capitol conspiracy cases to be tried gave a verdict of guilty as to every one of the four men who have been on trial here for the last seven weeks Friday night after six hours' deliberation. There were two ballots taken, but the jury did not come into court until two hours after reaching a conclusion, being out altogether eight hours.

The men found guilty are: John H. Sanderson, contractor; William P. Snyder, former auditor general; W. L. Mathews, former state treasurer, and James M. Shumaker, former superintendent of public buildings and grounds. Motions for new trials were made in each case.

Only Sanderson and Snyder were in court when the verdict was given and neither would talk. None of the counsel for the defendants would say anything in regard to the case. The state's attorney when questioned, said that they were pleased with the result of the hard work.

The maximum penalty for each defendant in this case is two years' imprisonment and \$1,000 fine.

The four men were convicted of defrauding the state of about \$12,000,000, instead of \$4,000,000, the figure at which the contract was estimated.

## KILLED BY DEPUTY MARSHAL.

**Citizens Raised Fund of \$500 for A. rest of Slay.**

Spartanburg, S. C., March 16.—According to a telephone message from Tryon, N. C., R. F. W. Allison, an official of the Lynn Hosiery company, of Lynn, N. C., near Tryon, was shot and killed at the mill Friday by Deputy Marshal Lee Fisher. Fisher escaped. Citizens raised a fund of five hundred dollars as reward for Fisher's arrest.

Allison and Fisher quarreled, it is said, in regard to some work the latter had been doing for Allison.

## \$10,000 FIRE IN MILLS.

**Pickers' Building of the Cooleman Cotton Mills Burned.**

Winston-Salem, N. C., March 16.—The pickers' building, warp and machine room of the Cooleman cotton mills, in Davie county, were destroyed by fire which started in the pickers' building Friday, entailing a loss of over \$10,000, fully covered by insurance. The origin is unknown.

Owing to the excellent fire fighting equipment, the other buildings were saved. B. N. Duke, of New York, is president of the company.

## FIND WATERY GRAVES

**In Heavy Fog Coal Barges Sink In Ohio River.**

**STRUCK PIER OF A BRIDGE**

**The Barges Carried a Crew of Twenty-Five Men and of This Number at Least Five Are Reported To Have Lost Their Lives.**

Ashland, Ky., March 16.—Five men were drowned here Saturday.

The towboat Boaz, which left Pittsburgh Tuesday morning for Cincinnati with 12 coal boats, 16 barges, 3 fuel boats and a crew of about 25 men, ran into a heavy fog early Saturday at Catlettsburg and being unable to tie up finally struck an exposed pier of the proposed Ashland-Ironton bridge, one mile below this city.

It is reported that nearly all the barges were sunk.

The entire crew had been called out on the barge to tie up the fleet.

William Matticks, a deck hand from Pittsburgh, who escaped from a sinking barge and swam ashore, says he saw several men in the water and he believed that at least five had been drowned.

## ISLANDS ARE PROSPERING.

**Philippine Congress So Far Said To Have Proved a Success.**

San Francisco, March 16.—W. Morgan Shuster, formerly collector of the port of Manila, now a member of the Philippine commission and secretary of the board of public instructions, arrived here Friday on the liner Mauchuria.

He says that the Philippine congress so far has proved a success. The native legislators have accepted their new responsibilities in a proper spirit and such laws as they have enacted are good.

"The Philippines," he continued, "need the chance to sell their sugar, tobacco and other products in the United States. They also need capital to develop their resources, but they will get neither until the tariff is modified in favor of the islands."

"In spite of all obstacles, however, wonders have been done in the islands, especially in and about the city of Manila. We have now a good water supply, scientific sanitation, a good lighting and street car service and first-class shipping facilities. The harbors have been improved and when the tariff gives them a chance, the islands will be ready to take it."

## NIGHT RIDERS STILL BUSY.

**Three Barns Burned by Them in Woodford County, Kentucky.**

Versailles, Ky., March 16.—Three barns in Woodford county and one just across the line in Scott were burned early Saturday by a party of masked men.

The men were on horseback and in buggies, the party numbering not more than fifty. A number of shots were fired but as far as known nobody was hurt. The barns destroyed were the property of:

George Strange, on the Harris estate, near Midway; Hardin Rogers, on the Tucker place in Scott county; Captain James Williams, former owner of the race horse, Rams Horn, at Spring Station; George Graddy on the Field turnpike.

The men came from the direction of Scott county. They cut all telephone wires and the amount of damage done is not yet known.

Governor Wilson and party of legislators were returning from Lexington to Frankfort on a trolley car and ran through the party of night riders without knowing it near McKee's cross-roads.

## Petition for Bankruptcy.

New York, March 16.—A petition asking that Charles W. Morse, former banker and steamship promoter, be declared a bankrupt, was filed in the United States district court Friday. The petitioners are Charles A. Haskin, receiver of the National Bank of North America, of which Morse was at one time vice president, Frank C. Frigo and Edward E. Shattuck.

## FRIDAY, 13th, HAD NO TERRORS.

**Superstition Was Defied at Every Hand in This Romance.**

Chicago, March 16.—Friday, the 13th, had no terrors for Maizie Katherine Stuart and Louis Allan Conrad as a bridal day. They made up their minds in the afternoon to have the knot tied and in the evening were husband and wife.

The relatives of both objected strenuously and so the pair eloped.

Superstition was defied at every hand in the romance. The first objection was the day of the wedding, but it was overruled immediately by the bride. Then an attempt was made to find Judge McEwen to perform the ceremony. After two hours' search he was found at a dinner of the Thirteen club in a down town restaurant.

On entering the room where the dinner was in progress the couple had to walk beneath a ladder. Salt was spilled over the floor and mirrors were shattered on the walls. The first course was just being served when the couple appeared. The officials of the club induced them to have the ceremony performed in the room.

Judge McEwen, standing at one end of the room, solemnized the marriage underneath an open umbrella and as soon as the ceremony was performed, dishes were dropped on the floor, cow bells rattled and a piece of sheet iron was shaken as thunder.

Mr. Conrad is a broker. His parents live at Winchester, Va.

## REV. JERE COOK LOCATED.

**Episcopal Pastor Who Eloped with Young Girl Some Time Ago.**

San Francisco, Cal., March 16.—Jere M. Cooke, pastor of the Episcopal church at Hempstead, L. I., who eloped with Floretta Whaley about a year ago, and who, it is said, telegraphed Friday to Mrs. Keziah Whaley, the girl's grandmother, for help and that he and the family were ill and destitute, was located in this city Friday night.

The couple were found living in a suite of rooms on Masonic avenue well to all appearance and with comfortable surroundings.

The baby alone looked pale and peaked, but the parents attributed this to the hot weather.

In an interview the former rector admitted that he had telegraphed for help and admitted that the struggle of life had been too much for him, and that he had made a failure of everything.

Cooke has some friends who say that as soon as it is known that he is in want there will be no trouble about his getting everything he needs and they say it is only by reason of the fact that he has not told any one of his straits that he is in trouble.

## WAS MOST ATROCIOUS CRIME.

**One Negro Must Die for It, Another Goes to Pen for Life.**

Lawrenceville, Ga., March 16.—In Grinnett superior court this week Henry Campbell and John Hudson, both negroes, were convicted of the murder of Elia Hudson on Jan. 2, in Cates' district.

Campbell was sentenced to be hanged on May 9, and Hudson given a life term in the penitentiary.

The murder was a most horrible one, the woman being struck over the head, stabbed through the heart, and almost disemboweled, after which the house was set on fire with the hope of hiding the crime.

A four-month-old baby was also killed and left in the burning building.

The motive of the crime was that Hudson might run away with Campbell's daughter, with whom he had been intimate.

## No One to Claim the Rent.

New York, March 16.—When F. S. Coyly, of Stapleton, S. I., collected his rents at 44 and 46 South Prince street, Flushing, early in December, 1906, he discovered one of his tenants that his only relative, a brother, had died and that he was himself a bachelor. That same month Coyly himself died. No one has since appeared to ask for the rent of the apartments and the six families have lived rent free. They have maintained the property in good repair at their own expense.

## THE TATSU INCIDENT

**China and Japan May Settle the Same Amicably.**

**NEGOTIATIONS IN PROGRESS**

It is said China will pay Japan 21,400 Yen and Retain the Arms that Form Cargo of the Tatsu Maru. Concessions by Japan.

Peking, March 16.—The negotiations looking to a settlement of the difficulty between China and Japan growing out of the seizure by China of the Japanese steamer Tatsu are making favorable progress.

The Chinese foreign board Friday approved the draft of a document in which China accepts the proposals made by Japan. China will pay Japan 21,400 yen (about \$10,700) and retain the arms that form the cargo of the Tatsu Maru, and she will pay also 10,000 taels demurrage on the steamer.

It is expected that the Tatsu Maru will be released March 16 in addition Japan agrees to adopt and enforce strict regulations to prevent future traffic in arms and ammunition from Japan into China, but she refuses to include the territory of Macao in this limitation.

China will soon take up negotiations with Portugal regarding the contraband traffic at Macao. She hopes that an accurate delimitation of Portuguese waters at Macao now will be secured, and that the gambling for which Macao is notorious, as well as the smuggling done through that port, may be materially restricted.

## CONVULSED THE HOUSE.

**Louisiana Congressman Causes Laughter Among Members.**

Washington, D. C., March 16.—Representative Watkins, of Louisiana, convulsed the house by reciting an original poem entitled "What Is to Come." It was in eight stanzas, the first six of which referred to the promise of the republicans to revise the tariff and do other things. Before these things would come to pass, he said:

A Cannon must be first shot off.  
"Fairbanks must then be tunneled through;

"The skies must change their azure hues;

"And Billy Taft put up the dough.

"The people must all go to sleep,

"Until Gabriel blows his horn,

"Americans must sure forget

"William J. was ever born."

## BLACK HAND LETTERS SENT.

**Mayer and Police Captain of Spartanburg Threatened.**

Spartanburg, S. C., March 16.—According to threats made in Black Hand letters received by Mayor J. F. Floyd and Police Captain Hall, they have only three more days to live.

The letters are written in red, and signed by members of gang "Number 42."

The police are of the opinion that the letters were written by members of a gang that were recently surprised by the police. The threatening letters have not caused either of the officials any worry.

## GREAT FIRE AT BAHIA, BRAZIL.

**Business Section Burned With Loss of About \$1,000,000.**

Bahia, Brazil, March 16.—A great conflagration has visited the business section of this city.

Thirty-three buildings were consumed with a loss estimated at \$1,000,000.

Bahia is the principal commercial city of Brazil after Rio Janeiro. It exports larger quantities of sugar, cotton, tobacco, coffee, oranges, rum and hides. It is situated about eight hundred miles northeast of Rio Janeiro, and has a population somewhat in excess of 200,000.

## STANDARD FARM MADE A BIG HIT

Exhibited Some of Finest Animals  
in Country at Horse Show

### A CENTER OF ATTRACTION

Were the Handsome Horses, Well Groomed and Sleek, as They Paraded in the Ring Before Thousands of Enthusiastic Lovers of Horses.

The great display of the stock of the Standard Stock Farm of this city by Dr. Clarence B. Strouse at the recent horse show at the Mid-Winter Exposition, created a great deal of interest among lovers of horse-flesh, being the center of attraction upon numerous occasions. No finer horses can be found in the United States, or in the world for that matter, than the stock owned by this farm, and which has been the means of bringing Gainesville and Alachua county into prominence on more than one occasion.

The people of Gainesville will naturally feel proud of the Standard Stock Farm, after they have read the following complimentary notice from The Times-Union of Sunday:

"Those who attended the Horse Show at the Florida Mid-Winter Exposition enjoyed the magnificent entries made by the Standard Stock Farm, and in order that those who were unable to see these horses, may have an opportunity to do so, Dr. Clarence Strouse has consented to give an exhibition of a very novel and beautiful nature next Wednesday night in the arena in front of the grandstand in the exposition grounds.

"For this purpose a string of horses and up-to-date carriages, coaches, etc., will be held in Jacksonville until the latter part of next week, when they go North to participate in several other horse shows. The program of events in this line for Wednesday night will be witnessed under electric light, and will present a splendid showing. The opportunity thus afforded will be taken advantage of, no doubt, by the merchants and their families who were unable to get away in the day time and see the fine exhibition of horse-flesh in the recent horse show. There will be shown for the first time three saddle horses from the Standard Stock Farm, four-in-hands, carriage horses, single harness horses to runabouts, and in fact, a complete and beautiful show with a parade, of all the Standard Stock Farm outfit in the ring at one time.

"The original proposer of the Mid-Winter Exposition Horse Show, Mr. George L. Taylor of Archer, Fla., one of the commissioners of Alachua county to the exposition, was in the city today, and met with Director General Kushibiki and other officials of the exposition on the matter of a magnificent exhibit of the products of Old Alachua county for next year. Mr. Taylor is very enthusiastic over the prospects for next year, and promises that early preparations will be made looking toward a big exhibit."

### Misfortune to Mr. Hague.

S. O. Hague, a well-known young man who comes from the town which bears his name, had the misfortune to meet with a painful accident Friday night, sustaining a broken arm.

In some manner Mr. Hague lost his footing and fell. In throwing out his right arm for protection it was suddenly wrenched, the weight of his body breaking it.

The patient was brought to the city, where medical attention was rendered, and at last accounts he was getting along as nicely as could be expected under the circumstances, although the victim will be incapacitated for duty for several weeks.

Annapolis, Md., March 16.—The Navy Athletic Association has awarded a gold medal to Midshipman Harold A. Waddington, of the class of '08, for being the best all around athlete at the naval academy this year. Midshipman Waddington won by one point from Midshipman Walter D. Lamont, of Niagara Falls, N. Y. The decision was based on gymnastic work and follows the recent competition held in the new gymnasium.

### Counterfeit Bills in Mobile.

Mobile, Ala., March 16.—The cashier of the People's bank of this city discovered Saturday \$20 counterfeit bills and the secret service department has been notified. The money is the Buffalo Series A, of 1900 issue.

## BOY SCRATCHED DAY AND NIGHT

Eczema Began When a Tiny Baby and Lasted 7 Years—Tore Crusts from Face Till It Was All Raw—Screamed with Pain and Could not Sleep—Though Specialists Failed

### CUTICURA EFFECTED A WONDERFUL CURE

"When my little boy was six weeks old an eruption broke out on his face. I took him to a doctor and got ointments and medicines but his face kept on getting worse until it got so bad that no one could look at him. His whole face was one crust and must have been very painful. He scratched day and night until his face sometimes looked like a raw piece of meat. I was nearly insane with his scratching day and night. Then I took him to all the best specialists in skin diseases but they could not do much for him. He sometimes screamed with pain when I put on the salve they gave me. "When he was two years old the eczema got on his arms and legs so that I had to keep them bandaged up and I made gloves for his hands so the nails could not poison him worse. We could not get a night's sleep in months and my husband and I were all broken up. Then my mother asked why I did not give up the doctors and try Cuticura. So I got a set and he felt relieved the first time I used them, the Cuticura Ointment felt so cool. He used to wake up and ask for Cuticura to be put on when he itched so badly that he could not sleep, and he would say, 'Oh! Mama, that makes my sores feel so good!' I gave the Cuticura Remedies a good trial and gradually the eczema healed all-up and now he is as well as any other children. He is now seven years old and the cure has lasted two months, so I think it will never return. I can't tell you how glad I am that Cuticura did such wonderful work in our case and I shall recommend it every where. Mrs. John G. Klump, 80 Niagara St., Newark, N. J., Oct. 17 and 22, 1907."

A single set of Cuticura Remedies, consisting of Cuticura Soap (1 lb.), Ointment (1 lb.), and Remedy (1 lb.), or Pills (1 lb.), per box of 50, is often sent to cure, and throughout the world. Power Drug & Chem. Corp., Sole Props., Boston, Mass. or Mailed Free, Cuticura Book on Skin Diseases.

### TONY BOSBEY RELEASED.

Man Accused of Murder of Negro Woman Released on Light Bond.

Tony Bosbey, the negro who is charged with the shooting of Savannah Moore, a colored woman, at her home in Evinston, a few weeks ago, from the alleged effects of which the woman has since died, was arraigned in Justice Smith's court at Micanopy, and, after hearing evidence in the case, Bosbey's bond was placed at \$250 for his appearance at the next term of the circuit court, which it is understood he gave.

The story of the tragedy, as it was related by those who are supposed to know, is still fresh in the minds of the public. It will be remembered that Bosbey, after "mocking" the woman's deceased father, shot the woman, it is said, striking her in the thigh and inflicting a dangerous wound, a few days after which she died.

In the meantime Bosbey was arrested and placed in the Micanopy jail, but Marshal Crisman, feeling some fear for the safety of his prisoner, conveyed him to Gainesville, where he remained until the preliminary hearing.

### FEASTER WILL NOT RUN.

After Careful Thought, Decides He Will Not be Candidate for Sheriff.

Road Superintendent J. R. Feaster, who has charge of the construction work of the Hague district, was in the city mingling with his friends for a short while Sunday, being en route from Rochelle, where he has been on a visit to his mother.

When asked about his aspirations for sheriff of Alachua county, Mr. Feaster replied that, after careful consideration, he had decided that he would not be a candidate at this time, notwithstanding that many friends had been urging him to do so.

"My whole heart is wrapped up in good roads now," he said "especially, of course, in those roads which I am building. I would naturally be compelled to leave this work in other hands in order to make a canvass in the event I should become a candidate, and I don't want to neglect my duty so long, hence, in the words of the old shoemaker, I'll just keep 'pegging away' until some other time."

Mr. Feaster's friends, while they would like to see him enter the race, believing he would be strong, cannot help but admire his loyalty on the road question, as well as his determination to "stick to it."

### MUCH CONCERN FELT.

Ordinary Methods for Treating Catarrh Prove Unsuccessful.

Written statistics that show an increase in catarrh have shaken confidence in the usual prescriptions to safeguard human health from the ravages of this disease.

When stomach dosing was proven ineffective, it was natural to look for some other treatment, and it is believed that in Hyomel an absolute cure for all catarrhal troubles has at last been found. Inhaled with the air you breathe, its healing medication reaches every part of the nose and throat, and soothes the irritated mucous membrane so that relief is almost instant, while lasting cure is practically sure to follow.

The complete Hyomel outfit costs but \$1, and is sold by J. W. McCollum & Co. under an absolute agreement to refund the money if it does not give satisfaction.

## RHEUMATISM CAN NOT BE RUBBED AWAY

Rubbing with liniments, blistering the affected parts, the application of plasters, and other means of external treatment, are usually helpful in relieving the pains and aches of Rheumatism, but such remedies do not reach the CAUSE of the disease, and are therefore in no sense curative. Rheumatism is due to an excess of uric acid in the blood, brought about by indigestion, poor bowel action, weak kidneys, and a general sluggish condition of the system. The circulation deposits this irritating poison in the different muscles, nerves, tissues and joints of the body, and soon the painful symptoms of Rheumatism are produced. The pains at first may be wandering and slight, but as the blood becomes more fully saturated with the uric acid poison, the disease grows worse and after awhile gets to be chronic. The slight, wandering pains now become sharp and cutting at the least exposure to dampness or night air, or any constitutional irregularity, the bones ache, the muscles are not as free in action as before, and where the acid poison is allowed to remain in the blood the joints often become so clogged with corrosive substances that they are left permanently stiff and useless. Rheumatism can never be rubbed away, nor can it be conquered and driven from the system until the acid-laden blood has been cleansed and purified. No other medicine does this so effectively as S. S. S. It dissolves and removes the impurities and sends a stream of rich, strong blood to the affected parts, which soothes the irritated nerves, inflamed muscles and flesh, and the sufferer obtains relief that is permanent because the real cause of the disease has been removed. ### THE DELEGATES AT HOME.

Have Returned from Annual Meeting K. of P. Well Pleased.

Grand Chancellor Louis C. Lynch, Robt. E. Davis, A. M. Cushman and Geo. P. Morris and wife, have returned from St. Petersburg, where they went to attend the annual session of the Grand Lodge, Knights of Pythias, which was in session in that city for three days last week. Mrs. Morris representing the Pythian Sisters.

According to the report of the delegates attending from Mt. Vernon Lodge, the convention just closed was one of the most enjoyable ever held in the State, as well as one of the most largely attended. The good people of St. Petersburg exerted every effort for the entertainment of the visitors, and with remarkable success, as their stay in the "City by the Gulf" will not be forgotten.

The question of selecting a permanent location for the Grand Lodge was again brought up. Jacksonville entered for the place, but Gainesville was a close competitor and a strong one. Captain George M. Lynch, formerly of this city but now president of the Jasper Normal Institute, Jasper, making a most magnificent plea in inviting the Pythians to make their future and permanent home here.

Captain Lynch is a fine and forceful speaker, and on more than one occasion has fought for the rights of Gainesville, from every point of view. In this instance there was no exception, as Captain Lynch did not hesitate to draw out in a forceful manner the advantages, morally, geographically and otherwise, why Gainesville was "the place."

Gainesville needs a few more friends like Captain Lynch in public conventions, as he has accomplished a great deal in calling the attention of the people to this city as an advantageous point in every way.

### AT THE CHAUTAUQUA.

Fairly Good Crowd Gathered at Last Entertainment of the Season.

A fair-sized audience attended the closing, or Chautauqua benefit, at the Tabernacle Monday night, and, while the entertainment was very good, those present were disappointed at the failure of the Japanese troupe from the Mid-Winter Exposition, which had been advertised, to "show up." However, three Eskimos or some other tribe were there, but judging from comment, these did not fill the bill.

The Vitagraph moving pictures, which is one of the best, if not the best attraction the Chautauqua has had, were good, and were enjoyed.

This closes the Chautauqua for 1908, which will be followed by the Bible Conference.

### AT CHURCH OF CHRIST.

Dr. Northcross of Tennessee Will Conduct Services for Week.

Rev. Dr. Northcross, of Tennessee, a Christian preacher of eloquence and note, filled the pulpit at the Church of Christ on Sunday, morning and night, being greeted by fair congregations at both the morning and evening services.

Dr. Northcross has been induced to remain here for the week, and will preach each evening at 7 o'clock, in order that his service may not interfere with any other functions of the city.

The public is cordially invited to come out and hear this eloquent divine.

### A Genuine Shamrock.

One of the most impressive attractions in the city today, as far as St. Patrick's Day is concerned, is a genuine shamrock, which was sent Mrs. J. M. Hunt by her mother-in-law, Mrs. Margaret Hunt, direct from the Hills of Killarney, and which Mrs. Hunt naturally appreciates very highly, as it is probably the only genuine shamrock in the city.

Through the courtesy of Mrs. Hunt, the shamrock will be placed in the display window of Mrs. McCormick's millinery parlors today, and is bound to attract a great deal of interest.

### For Petit Larceny.

Fred Hall, colored, was brought to this city Monday from Alachua, having been convicted in Justice Canwell's court upon a charge of petit larceny, and sentenced to six months in the county "gang."

It is expected that Hall will be taken to Rawls & Co., inmates of the convicts, Ocala, within the next day or two.

## One of the Important Duties of Physicians and the Well-Informed of the World

is to learn as to the relative standing and reliability of the leading manufacturers of medicinal agents, as the most eminent physicians are the most careful as to the uniform quality and perfect purity of remedies prescribed by them, and it is well known to physicians and the Well-Informed generally that the California Fig Syrup Co., by reason of its correct methods and perfect equipment and the ethical character of its product has attained to the high standing in scientific and commercial circles which is accorded to successful and reliable houses only, and, therefore, that the name of the Company has become a guarantee of the excellence of its remedy.

### TRUTH AND QUALITY

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing, therefore we wish to call the attention of all who would enjoy good health, with its blessings, to the fact that it involves the question of right living with all the term implies. With proper knowledge of what is best each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to that end and the use of medicines dispensed with generally to great advantage, but as in many instances a simple, wholesome remedy may be invaluable if taken at the proper time, the California Fig Syrup Co. feels that it is alike important to present truthfully the subject and to supply the one perfect laxative remedy which has won the approval of physicians and the world-wide acceptance of the Well-Informed because of the excellence of the combination, known to all, and the original method of manufacture, which is known to the California Fig Syrup Co. only.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent of family laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians and the Well-Informed of the world to be the best of natural laxatives, we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of Syrup of Figs—and to get its beneficial effects always note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package, whether you simply call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna—as—Syrup of Figs and Elixir of Senna—is the one laxative remedy manufactured by the California Fig Syrup Co. and the same heretofore known by the name—Syrup of Figs—which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States in original packages of one size only, the regular price of which is fifty cents per bottle.

Every bottle is sold under the general guarantee of the Company, filed with the Secretary of Agriculture, at Washington, D. C., that the remedy is not adulterated or misbranded within the meaning of the Food and Drugs Act, June 30th, 1906.

Hon. Henry S. Chubb, who, with Hon. J. N. Coombs, National committeeman, has been in Washington in conference with President Roosevelt in the matter of the appointment of Rix M. Robinson as postmaster of Pensacola, has returned to his home in this city, after a most successful mission. Col. Chubb is naturally pleased over his success in this matter.

While absent Col. Chubb and Mr. Coombs visited Boston and Bangor, Me., and at the latter place they experienced very cold weather, with snow a foot thick and the rivers and lakes frozen.

## STANDARD FARM MADE A BIG HIT

Exhibited Some of Finest Animals  
in Country at Horse Show

### A CENTER OF ATTRACTION

Were the Handsome Horses, Well  
Groomed and Sleek, as They Pa-  
raded in the Ring Before Thousands  
of Enthusiastic Lovers of Horses.

The great display of the stock of the  
Standard Stock Farm of this city by  
Dr. Clarence B. Strouse at the recent  
horse show at the Mid-Winter Ex-  
position, created a great deal of interest  
among lovers of horse-flesh, being the  
center of attraction upon numerous  
occasions. No finer horses can be  
found in the United States, or in the  
world for that matter, than the stock  
owned by this farm, and which has  
been the means of bringing Gaines-  
ville and Alachua county into promi-  
nence on more than one occasion.

The people of Gainesville will natu-  
rally feel proud of the Standard Stock  
Farm, after they have read the follow-  
ing complimentary notice from The  
Times-Union of Sunday:

"Those who attended the Horse  
Show at the Florida Mid-Winter Ex-  
position enjoyed the magnificent  
entries made by the Standard Stock  
Farm, and in order that those who  
were unable to see these horses, may  
have an opportunity to do so, Dr.  
Clarence Strouse has consented to  
give an exhibition of a very novel  
and beautiful nature next Wednesday  
night in the arena in front of the  
grandstand in the exposition grounds.

"For this purpose a string of horses  
and up-to-date carriages, coaches, etc.,  
will be held in Jacksonville until the  
latter part of next week, when they  
go North to participate in several  
other horse shows. The program of  
events in this line for Wednesday  
night will be witnessed under electric  
light, and will present a splendid  
showing. The opportunity thus af-  
forded will be taken advantage of,  
no doubt, by the merchants and their  
families who were unable to get away  
in the day time and see the fine ex-  
hibition of horse-flesh in the recent  
horse show. There will be shown for  
the first time three saddle horses from  
the Standard Stock Farm, four in-  
hands, carriage horses, single harness  
horses to runabouts, and in fact, a  
complete and beautiful show with a  
parade, of all the Standard Stock  
Farm outfit in the ring at one time.

"The original proposer of the Mid-  
Winter Exposition Horse Show, Mr.  
George L. Taylor of Archer, Fla., one  
of the commissioners of Alachua  
county to the exposition, was in the  
city today, and met with Director  
General Kushibiki and other officials  
of the exposition on the matter of a  
magnificent exhibit of the products  
of Old Alachua county for next year.  
Mr. Taylor is very enthusiastic over  
the prospects for next year, and prom-  
ises that early preparations will be  
made looking toward a big exhibit."

### Misfortune to Mr. Hague.

S. G. Hague, a well-known young  
man who comes from the town which  
bears his name, had the misfortune  
to meet with a painful accident Fri-  
day night, sustaining a broken arm.

In some manner Mr. Hague lost  
his footing and fell. In throwing out  
his right arm for protection it was  
suddenly wrenched, the weight of his  
body breaking it.

The patient was brought to the city,  
where medical attention was rendered,  
and at last accounts he was getting  
along as nicely as could be expected  
under the circumstances, although  
the victim will be incapacitated for  
duty for several weeks.

Navy Athletic Association has awarded

A. Waddington, of the class of '08, for  
being the best all around athlete at  
the naval academy this year. Midship-  
man Waddington won by one point  
from Midshipman Walter D. Lamont,  
of Niagara Falls, N. Y. The decision  
was based on gymnastic work and  
follows the recent competition held in  
the new gymnasium.

## BOY SCRATCHED DAY AND NIGHT

Eczema Began When a Tiny Baby  
and Lasted 7 Years—Tore Crusts  
from Face Till it was All Raw—  
Screamed with Pain and Could not  
Sleep—Though Specialists Failed

### CUTICURA EFFECTED A WONDERFUL CURE

"When my little boy was six weeks  
old an eruption broke out on his face.  
I took him to a doctor and got ointments  
and medicines but his face kept on getting  
worse until it got so bad that no one could  
look at him. His whole face was one  
crust and must have been very painful.  
He scratched day and night until his face  
sometimes looked like a raw piece of meat.  
I was nearly insane with his scratching  
day and night. Then I took him to all  
the best specialists in skin diseases  
but they could not do much for him.  
He sometimes screamed with pain  
when I put on the salve they gave me.  
"When he was two years old the  
eczema got on his arms and legs so  
that I had to keep them bandaged up  
and I made gloves for his hands so the  
nails could not poison him worse. We  
could not get a night's sleep in months  
and my husband said I was all broken  
up. Then my mother asked why I  
did not give up the doctors and try  
Cuticura. So I got a set and he felt  
relieved the first time I used them.  
The Cuticura Ointment felt so cool.  
He used to wake up when he itched so  
badly that he could not sleep, and he  
would say, 'Oh Mama, that makes  
my sores feel so good!' I gave the  
Cuticura Remedies a good trial and  
gradually the eczema healed all up  
and now he is as well as any other child-  
ren. He is now seven years old and  
the cure has lasted two months, so I  
think it will never return. I can't  
tell you how glad I am that Cuticura  
did such wonderful work in our case  
and I shall recommend it everywhere.  
Mrs. John G. Klump, 80 Niagara St.,  
Newark, N. J., Oct. 17 and 22, 1907."

A small set of Cuticura Remedies, consisting  
of Cuticura Soap (2½¢), Ointment (10¢), and Re-  
solvant (10¢), or Pills (25¢), per box of 50, is often  
sent to cure. Sold throughout the world. Foster

or Mailed Free, Cuticura Book on Skin Diseases.

### TONY BOSBEY RELEASED.

Man Accused of Murder of Negro  
Woman Released on Light Bond.

Tony Bosbey, the negro who is  
charged with the shooting of Savan-  
nah Moore, a colored woman, at her  
home in Evinston, a few weeks ago,  
from the alleged effects of which the  
woman has since died, was arraigned  
in Justice Smith's court at Micanopy,  
and, after hearing evidence in the  
case, Bosbey's bond was placed at  
\$250 for his appearance at the next  
term of the circuit court, which it is  
understood he gave.

The story of the tragedy, as it was  
related by those who are supposed to  
know, is still fresh in the minds of  
the public. It will be remembered  
that Bosbey, after "mocking" the  
woman's deceased father, shot the  
woman, it is said, striking her in the  
thigh and inflicting a dangerous  
wound, a few days after which she  
died.

In the meantime Bosbey was arrest-  
ed and placed in the Micanopy jail,  
but Marshal Crieaman, feeling some  
fear for the safety of his prisoner, con-  
veyed him to Gainesville, where he re-  
mained until the preliminary hearing.

### FEASTER WILL NOT RUN.

After Careful Thought, Decides He  
Will Not be Candidate for Sheriff.

Road Superintendent J. R. Feaster,  
who has charge of the construction  
work of the Hague district, was in the  
city mingling with his friends for a  
short while Sunday, being en route  
from Rochelle, where he has been on  
a visit to his mother.

When asked about his aspirations  
for sheriff of Alachua county, Mr.  
Feaster replied that, after careful con-  
sideration, he had decided that he  
would not be a candidate at this time,  
notwithstanding that many friends  
had been urging him to do so.

"My whole heart is wrapped up in  
good roads now," he said "especially,  
of course, in those roads which I am  
building. I would naturally be com-  
pelled to leave this work in other  
hands in order to make a canvass in  
the event I should become a candidate,  
and I don't want to neglect my duty  
so long, hence, in the words of the  
old shoemaker, I'll just keep 'pegging  
away' until some other time."

Mr. Feaster's friends, while they  
would like to see him enter the race,  
believing he would be strong, cannot  
help but admire his loyalty on the  
road question, as well as his determi-  
nation to "stick to it."

Pays Gainesville a Visit.

District Deputy Grand Exalted Ruler  
Bear of Pensacola paid Gainesville  
Lodge No. 990 an official visit Friday  
evening, at which time many Elks  
were present to greet him. The meet-  
ing proved a most interesting one, and  
Mr. Bear was pleased to be among  
his brothers of Gainesville lodge for

talk along the lines of Elksdom, and,  
being a fluent speaker, his remarks  
were heard with the greatest interest.

### MUCH CONCERN FELT.

Ordinary Methods for Treating Ca-  
tarrh Prove Unsuccessful.

Written statistics that show an in-  
crease in catarrh have shaken con-  
fidence in the usual prescriptions to  
safeguard human health from the rav-  
ages of this disease.

When stomach dosing was proven  
ineffective, it was natural to look for  
some other treatment, and it is be-  
lieved that in Hyomel an absolute  
cure for all catarrhal troubles has at  
last been found. Inhaled with the air  
you breathe, its healing medication  
reaches every part of the nose and  
throat, and soothes the irritated mu-  
cous membrane so that relief is almost  
instant, while lasting cure is practi-  
cally sure to follow.

The complete Hyomel outfit costs  
but \$1. and is sold by J. W. McColham  
& Co. under an absolute agreement to  
refund the money if it does not give  
satisfaction.

## RHEUMATISM CAN NOT BE RUBBED AWAY

Rubbing with liniments, blistering the affected parts, the application of  
plasters, and other means of external treatment, are usually helpful in  
relieving the pains and aches of Rheumatism, but such remedies do not  
reach the CAUSE of the disease, and are therefore in no sense curative.  
Rheumatism is due to an excess of uric acid in the blood, brought about by  
indigestion, poor bowel action, weak kidneys, and a general sluggish condition  
of the system. The circulation deposits this irritating poison in the different  
muscles, nerves, tissues and joints of the body, and soon the painful symptoms  
of Rheumatism are produced. The pains at first may be wandering and slight;  
but as the blood becomes more fully saturated with the uric acid poison, the  
disease grows worse and after awhile gets to be chronic. The slight, wander-  
ing pains now become sharp and cutting at the least exposure to dampness  
or night air, or any constitutional irregularity, the bones ache, the muscles  
are not as free in action as before, and where the acid poison is allowed to  
remain in the blood the joints often become so clogged with corrosive sub-  
stances that they are left permanently stiff and useless. Rheumatism can  
never be rubbed away, nor can it be conquered and driven from the system  
until the acid-laden blood has been cleansed and purified. No other medicine does this so  
effectually as S. S. S. It dissolves and re-  
moves the impurities and sends a stream of  
rich, strong blood to the affected parts; which  
soothes the irritated nerves, inflamed muscles  
and flesh, and the sufferer obtains relief that  
is permanent because the real cause of the  
disease has been removed. Special book on Rheumatism and any medical

### THE DELEGATES AT HOME.

Have Returned from Annual Meeting K. of P. Well Pleased.

Grand Chancellor Louis C. Lynch, Robt. E. Davis, A. M. Cushman and Geo. P. Morris and wife, have returned from St. Petersburg, where they went to attend the annual session of the Grand Lodge, Knights of Pythias, which was in session in that city for three days last week. Mrs. Morris representing the Pythian Sisters.

According to the report of the delegates attending from Mt. Vernon Lodge, the convention just closed was one of the most enjoyable ever held in the State, as well as one of the most largely attended. The good people of St. Petersburg exerted every effort for the entertainment of the visitors, and with remarkable success, as their stay in the "City by the Gulf" will not be forgotten.

The question of selecting a permanent location for the Grand Lodge was again brought up. Jacksonville entered for the place, but Gainesville was a close competitor and a strong one, Captain George M. Lynch, formerly of this city but now president of the Jasper Normal Institute, Jasper, making a most magnificent plea in inviting the Pythians to make their future and permanent home here.

Captain Lynch is a fine and forceful speaker, and on more than one occasion has fought for the rights of Gainesville, from every point of view. In this instance there was no exception, as Captain Lynch did not hesitate to draw out in a forceful manner the advantages, morally, geographically and otherwise, why Gainesville was "the place."

Gainesville needs a few more friends like Captain Lynch in public conventions, as he has accomplished a great deal in calling the attention of the people to this city as an advantageous point in every way.

### AT THE CHAUTAUQUA.

Fairly Good Crowd Gathered at Last Entertainment of the Season.

A fair-sized audience attended the closing, or Chautauqua benefit, at the Tabernacle Monday night, and, while the entertainment was very good, those present were disappointed at the failure of the Japanese troupe from the Mid-Winter Exposition, which had been advertised, to "show up." However, three Esquimos or some other tribe were there, but judging from comment, these did not fill the bill.

The Vitagraph moving pictures, which is one of the best, if not the best attraction the Chautauqua has had, were good, and were enjoyed.

This closes the Chautauqua for 1908, which will be followed by the Bible Conference.

### AT CHURCH OF CHRIST.

Dr. Northcross of Tennessee Will Conduct Services for Week.

Rev. Dr. Northcross, of Tennessee, a Christian preacher of eloquence and note, filled the pulpit at the Church of Christ on Sunday, morning and night, being greeted by fair congregations at both the morning and evening services.

Dr. Northcross has been induced to remain here for the week, and will preach each evening at 7 o'clock, in order that his service may not interfere with any other functions of the city.

The public is cordially invited to come out and hear this eloquent divine.

### A Genuine Shamrock.

One of the most impressive attractions in the city today, as far as St. Patrick's Day is concerned, is a genuine shamrock, which was sent Mrs. J. M. Hunt by her mother-in-law, Mrs. Margaret Hunt, direct from the Hills of Killarney, and which Mrs. Hunt naturally appreciates very highly, as it is probably the only genuine shamrock in the city.

Through the courtesy of Mrs. Hunt, the shamrock will be placed in the display window of Mrs. McCormick's millinery parlors today, and is bound to attract a great deal of interest.

### For Petit Larceny.

Fred Hall, colored, was brought to this city Monday from Alachua, having been convicted in Justice Caswell's court upon a charge of petit larceny, and sentenced to six months in the county "gag."

It is expected that Hall will be taken to Rawls & Co., leaser of the convicts, Ocala, within the next day or two.

## One of the Important Duties of Physicians and the Well-Informed of the World

is to learn as to the relative standing and reliability of the leading manufacturers of medicinal agents, as the most eminent physicians are the most careful as to the uniform quality and perfect purity of remedies prescribed by them, and it is well known to physicians and the Well-Informed generally that the California Fig Syrup Co., by reason of its correct methods and perfect equipment and the ethical character of its product has attained to the high standing in scientific and commercial circles which is accorded to successful and reliable houses only, and, therefore, that the name of the Company has become a guarantee of the excellence of its remedy.

### TRUTH AND QUALITY

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing, therefore we wish to call the attention of all who would enjoy good health, with its blessings, to the fact that it involves the question of right living with all the term implies. With proper knowledge of what is best each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to that end and the use of medicines dispensed with generally to great advantage, but as in many instances a simple, wholesome remedy may be invaluable if taken at the proper time, the California Fig Syrup Co. feels that it is alike important to present truthfully the subject and to supply the one perfect laxative remedy which has won the approval of physicians and the world-wide acceptance of the Well-Informed because of the excellence of the combination, known to all, and the original method of manufacture, which is known to the California Fig Syrup Co. only.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent of family laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians and the Well-Informed of the world to be the best of natural laxatives, we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of Syrup of Figs—and to get its beneficial effects always note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package, whether you simply call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna—as—Syrup of Figs and Elixir of Senna—is the one laxative remedy manufactured by the California Fig Syrup Co. and the same heretofore known by the name—Syrup of Figs—which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States in original packages of one size only, the regular price of which is fifty cents per bottle.

Every bottle is sold under the general guarantee of the Company, filed with the Secretary of Agriculture, at Washington, D. C., that the remedy is not adulterated or misbranded within the meaning of the Food and Drugs Act, June 30th, 1906.

This Enterprising Firm is Making Big Run on Refrigerators.

The "Odorless" is not a costly refrigerator, but for those who do not care to pay its price, others are provided which are guaranteed the best for the money.

### Alice Roosevelt's Wedding

Was something to be recorded in the annals of history. Herbine has been acknowledged the greatest of liver regulators. A positive cure for bilious headaches, constipation, chills and fever, and all liver complaints. J. C. Smith, Little Rock, Ark., writes: "Herbine is the greatest liver medicine known. Have used it for years. It does the work." Sold by W. M. Johnson.

### Col. Chubb Returns.

Hon. Henry S. Chubb, who, with Hon. J. N. Coombs, National committeeman, has been in Washington in conference with President Roosevelt in the matter of the appointment of Rix M. Robinson as postmaster of Pensacola, has returned to his home in this city, after a most successful mission. Col. Chubb is naturally pleased over his success in this matter.

While absent Col. Chubb and Mr. Coombs visited Boston and Bangor, Me., and at the latter place they experienced very cold weather, with snow a foot thick and the rivers and lakes frozen.

Hon. William E. Chandler is making motions again as though to draw that deadly diary of his.

An exchange asks "Can Taft be elected?" Better wait first and see if he can be nominated.

Hetty Green, determined to have the best of everything as usual, insists that her future son-in-law shall be peerless.

The Sultan of Turkey probably is glad not only that he does not live next door to Japan, but that his navy is not capable of capturing anything.

Anna Gould says she has not married the Prince de Sagan, and is not going to. Once in the Castellane relationship ought to be enough for almost anyone.

The fact that Denver has located her convention hall a mile from the nearest saloon merely indicates a laudable desire to help her street railways to pay dividends.

There is no truth in the report circulated that the President has writer's cramp from turning out special messages. He dictates them all to Loeb. Perhaps it is throat trouble.

Governor Johnson of Minnesota has been endorsed by the Democratic committee of that state for the nomination for President. The vote was 68 for Johnson to 23 for Bryan.

Allan Rodgers, the good roads man of Jacksonville, is a candidate for the Legislature from Duval county. If his election will insure improvement of the public highways he ought to win "hands down."

It is reported that Attorney-General Bonaparte has had to sell seven farms at a sacrifice owing to the shrinkage in values following the depression caused by the repeated attacks of the Department of Justice on big corporations.

All the statisticians of the administration are figuring on the votes that Taft will get in the convention, and the other fellows are figuring on the votes he won't get. Why not make it unanimous by nominating Mr. Roosevelt for a third term?

Hon. Frank W. Pope of Jacksonville will be a candidate as a delegate to the National Democratic Convention at Denver. Mr. Pope is one of the ablest men in Florida, and the Democrats could not do better than to be represented by him.

And now comes to us the optimistic and inquiring Mr. Wu Ting Fang, who blandly informs us that all the talk of war in the Orient is baseless and that "so far as my knowledge goes Japan has not violated the Portsmouth treaty with reference to the open door policy in Manchuria."

Pity the poor newspaper man, for another print paper trust is forming with a proposed capital of \$50,000,000. The report of the organization says "little cash will be required," but we doubt that, for experience teaches us that all the corporations want all the cash they can squeeze out of the American people.

## POLITICAL UNREST.

There is no doubt that the result of present political and business unrest is causing many people to break away from their old political moorings. Party lines can no longer be drawn as tightly as in former campaigns, and the independent voters will have to be, more than ever before, appealed to. A great business man and Democrat, Hon. William L. Douglas, who showed himself when Governor of Massachusetts to be also a statesman, in a late interview has given us his opinion of the trend of public opinion when he said:

"That the methods and tactics of the administration at Washington are doing much to obliterate party lines, I can readily believe; that they will benefit the Republican more than the Democratic party, is far less certain. The Democratic party should, in my opinion, do all possible to abolish special privileges and to give the people a square deal. It should be less spectacular in its methods and more certain in producing substantial results. Above all things, it should take a strong position for immediate tariff reduction on raw materials and foods, and especially for the entire removal of all duties on trust products sold cheaper to foreigners than to Americans. It should also do all in its power toward securing reciprocal trade relations with Canada and all other countries. With such a platform and with candidates that command the confidence of the people, I believe our party would not only gain the support of many honest manufacturers, now Republicans, but would win at the polls. I have no fear of the result when the Democratic party presents a proper platform and candidates to the voters."

## THE BEVERIDGE BILL.

The Beveridge bill (S. 3163) provides that "there is hereby created a commission which shall be known as the tariff commission," and that "said commission shall consist of seven members appointed by the President of the United States, by and with the advice and consent of the Senate; that said commission shall be appointed solely with a view to qualifications as specified in this act, and without regard to political affiliations," etc.

Such a commission would be absolutely unconstitutional. It would be a usurpation of the exclusive right of the House of Representatives to originate revenue bills. Whatever its functions might be, whoever might be its members (Democrats or Republicans, both or neither), it would deprive the people's immediate representatives, and therefore, in effect, the people themselves, of laying the taxes; for "laying" taxes includes both the suggestion and the enactment of the rates of taxation. To exact a tax means the laying as well as the collection of it; and it could be neither laid nor collected until it had been proposed.

An insurance journal declares that more people get hurt hanging pictures than in railroad collisions. And if the walls of a good many homes are any evidence the victims do not get any more than is coming to them.

William Randolph Hearst is making a great secret of whom the Independence League prefers as the Presidential nominee. Now of course some ignorant person in the back row is going to giggle.

## THE MAN AND HIS JOB

By Herbert J. Haggood.

An original idea backed up by the ability to execute is worth more to a man than any other earthly asset. If a man has the insight to recognize the best way of doing a thing and the push and progressiveness to see that this is done, he has a seat reserved for him in the row with those who have lived successful lives.

Watch every detail in the system under which your business is run, and see if you cannot devise a more economical method.

Three years ago, a young man came from Louisville, Ky. He didn't travel in a Pullman car, nor even in an ordinary day coach. He earned his transportation, rather, by the honorable, though somewhat disagreeable task of feeding live stock on a cattle train.

When he reached New York, he got a job as a bill poster. Most men would have stayed at that job and worked the rest of their lives in overalls with paste-pot and brush. But this man possessed insight and he conceived an original idea.

At that time it was the custom of each individual advertising company to send out special inspectors to see if their bills were properly posted and that all of their billboards were covered. Now, this man worked out a plan to have all this inspection done by messenger boys. He had no trouble in interesting one of the big telegraph companies who agreed to pay him a commission on all the business he got.

He left his overalls and paste-pot and began to build up a business.

Today he finds himself the possessor of a small fortune. But more than that, he has instituted a system which has proved to be a money-saving and a labor-saving device.

That premature report that the tobacco war in Kentucky had been settled was probably just an effort to knock the securities of the Undertakers' trust.

# Female Weakness

"Last Fall," writes Mrs. S. G. Bailey, of Tunnelton, W. Va., "I was going down by inches, from female disease, with great pain. After taking Cardui, Oh! My! How I was benefited! I am not well yet, but am so much better that I will keep on taking Wine of Cardui till I am perfectly cured."

A RELIABLE SPRING  
MEDICINE

Recommended to the People of  
Gainesville.

At this season of the year there is hardly a man, woman or child in Gainesville who does not need a medicine to purify and enrich the blood, to induce an appetite, to promote digestion and create strength, and we are safe in saying we have never sold anything in our store equal to the cod liver preparation Vinol for this purpose.

The reason Vinol is so far superior to old-fashioned cod liver oil and emulsions is because it is made by a scientific, extractive and concentrating process from fresh cods' livers, combining with peptonate-of-iron all the medicinal, healing and body building elements of cod liver oil, but no oil.

As a spring medicine and a body-builder and strength creator for old people, delicate children, weak, run-down persons, and after sickness Vinol is unexcelled, and you know what you are taking.

Mrs. Rose Lavigne of Burlington, Vt., writes: "Vinol is the best spring medicine I have ever used; it creates an appetite, purifies the blood and takes away all feeling of lassitude."

We could go on quoting from hundreds of such letters, but simply ask the people of Gainesville to try Vinol this spring on our guarantee to return money if they are not benefited.—W. M. Johnson, Druggist, Gainesville, Florida.

voted by the city last fall for this purpose have not yet been sold, but Mr. Bond in his contract agrees to accept them to pay himself for the erection of the building.—Wauchula Advocate.

Mr. Amos W. Corbett is demonstrating to the farmers and residents of this section that the best celery in the country can be cultivated in St. Johns county. On his Ellwood farm, located a few miles from this city, Mr. Corbett has grown a variety of prize-winning crops this season, but his celery crop, which he is now cutting and selling, is without doubt the best that has ever been grown anywhere in this section of the State, if not the best in Florida. The stalks are large and heavy, well bleached, tender and crisp. Mr. Corbett is meeting a ready demand for all the celery he can cut at a fancy price. Next year he will put in a much larger acreage.—St. Augustine Correspondence, Times-Union.

One of our winter residents, Mr. Ellis, about a week ago, just after dinner, thought he would taste a castor oil bean, "just to see how it tasted." He ate two, nibbled at three more, but spit them out. In an hour or two he was a very sick man, as they are deadly poison. Dr. Chambers was hastily summoned and he could not leave his patient until 1:20 the next morning. For three days he was dangerously ill, with all the symptoms of poisoning. He is only able, up to this time, to be up and about part of the time, and is very weak. It is strange people will let them grow around their premises, when they know the beans are poisonous. We have had three such cases of poisoning.—East Coast Advocate.

Last Friday, by the order of Governor Broward, W. N. Smith, a negro convicted at the last term of the circuit court of the murder of his stepdaughter, was executed by Sheriff James Weeks. The execution took place at about 1:20 o'clock, and was witnessed by a large number of people. Smith, before he was executed, was allowed to make a statement on the gallows, but his statement was of such a nature that decency forbids its publication. He talked for nearly an hour and a half, during which time he referred to pretty nearly everything that had come under his observation during life. He admitted that he had had improper relations with his stepdaughter—the girl he was charged with killing—but never admitted his guilt of the crime. His talk proved him to be little more than a beast, and he seemed to be absolutely devoid of fear. He laughed and talked as though he were ready to go to a colored festival or some other similar entertainment. He was probably seeking to make the impression that his mind was unbalanced. He told the sheriff a time or two that he was ready to die whenever the sheriff was ready to spring the trap.—Clay County Times.

## THE NEWS FROM MELROSE.

A Delightful Box Party—Celebration of a Birthday—Other Notes.

Melrose, March 14.—The box supper given on Friday night in aid of Trinity church was a big success socially as well as financially.

The town hall had been very prettily decorated by Mrs. Hamlyn and Mrs. Treadwell, aided by a willing band of volunteers. Numerous flags and waving plumes of Japanese bamboo ornamented the walls. A long table was set down the middle of the hall and on the tablecloth was a garland of bamboo sprigs intertwined with red ribbon. Three pretty lamps at equal distance were separated by six red bells swinging from the ceiling.

"Friends in need are friends indeed," is a true saying, and in this case well fulfilled, for the girls, big and little, responded most generously to the appeal for help, and seldom has been seen such a beautiful display of boxes. They were each one perfect works of art, showing such individual taste and color schemes—and, by the way, the girls' partners enjoyed the contents later on, showing that the inside was worthy of its covering.

C. P. Huffman most kindly auctioned off the boxes, and it is needless to say, did it in his usual eloquent way. The bidding was lively, and the proceeds amounted to more than the fund required.

A most hearty vote of thanks is tendered by Trinity church to all the many helpers for the good cause.

Mrs. H. Sutton presided over the coffee table. An enjoyable dance at the Huffman House was indulged in later on.

Newly registered at the Huffman House are Mr. and Mrs. J. Cocks, Lake Nopaskong, N. J., and H. A. Warneke, Elizabeth, N. J.

The Huffman House has enjoyed a very good season, being well filled with guests ever since the opening of the winter season.

Miss Flora Morris gave an at-home party on Wednesday night in honor of her guest, Miss M. Owens, of Atlanta, Ga., and from all reports it was a very enjoyable affair.

Miss Dorothy Waters' seventh birthday party was a delightful function. It took the shape of a most delicious lunch served in the pavilion of Mr. Hamlyn, on the shore of the Melrose Cove. A beautiful birthday cake, a real work of art in that line, came all the way from Uniontown, Pa., as a surprise from her father, Rev. J. A. Waters. Her friends wish her many happy returns of the day.

The machinery of the new boat was set in motion for the first time yesterday and worked beautifully.

Mr. and Mrs. H. L. Mosier and Miss J. Mosier, of Uniontown, Pa., are the guests of Mrs. Waters at Bay View Cottage for a few days.

## YOUR HAT

May Be a Stylish One, But It Makes Trouble.

A man usually buys a hat that's "in style," but the modern hat for men has lots to answer for.

Baldheads are growing more numerous every day. Hats make excellent breeding places for the parasitic germs which sap the life from the roots of the hair.

When your hair begins to fall out and your scalp is full of dandruff it is a sure sign that these countless germs are busy at work.

There is but one way to overcome the trouble and kill the germs—that way is to apply Newb's Herpicide to the scalp—it will kill the germs and healthy hair is sure to result.

Sold by leading druggists. Send for stamps for sample to The Herpicide Co., Detroit, Mich.

Are Patent  
Medicines Frauds?

We are often asked the above question, and our answer has invariably been that no medicine that gives satisfactory results could be fraudulent. We could not afford to sell fraudulent medicines. Our business depends on pleased customers—in fact any business does. Therefore, we would take an enormous risk did we not fulfil every promise made our customers. We are very careful of what we guarantee, and when we do guarantee an article we must know it pretty well—what it contains and how it is made. We have in mind the Rexall line of remedies, particularly Rexall Mucu-Tone, of which we are selling large quantities at this time of the year. Mucu-Tone is one article that we can recommend over our counter and know that ninety-eight per cent. of its purchasers are going to be benefited and will return to our store pleased customers. Mucu-Tone is a positive cure for internal scrofula or what is commonly called Catarrh. It is without a doubt the peer of all tonics for any one who is suffering from a run-down condition, can't work, feels constantly tired or suffering from the more plainly described symptoms of Catarrh—such as stopping of the nose, cold in the head or bad cough."

It must be remembered that Catarrh is not confined to the nose and throat. It usually starts there, but it leads more often to serious trouble, particularly the wasting of tissues, as in the case of little Miss Dillon, of Albany. Here is a letter from her father:

"My little girl had catarrh so badly that the disease had begun to eat into the cartilage of the nose. Snuffs and instruments failed to do more than give temporary relief. I saw the advertisements of Rexall Mucu-Tone, but I could not believe that anything taken in the stomach could cure the sore membranes of the nose. However, I took advantage of your free trial offer and my girl began taking your remedy according to directions. I want to say right here that Mucu-Tone is certainly the greatest medical discovery of the times, and to thank you for the liberal offer that first induced me to give it a trial. Mucu-Tone has cured my daughter's catarrh completely. The discharge has stopped altogether, and her breath is as sweet as can be. Again thanking you, MATT DILLON, 24 N. Swan St., Albany, N. Y."

We are selling a large trial bottle of Mucu-Tone for fifty cents on the famous Rexall guarantee of your money back if you are not satisfied. We promise that one bottle will put flesh on your bones and bring new vitality to your system.

## A REASON

The United Drug Company, manufacturers of the Rexall Remedies, for whose preparations we are agents in this city, make 200 remedies, one for each ill. Each one is especially prepared to cure one disease, and that only. This is an age of specialists. You don't contract with a plumber to build your whole house, do you? Why should you contract with one proprietary medicine to cure all your troubles?

Oftentimes you run across a building contractor who has a separate plumbing department, his own plastering department, and so on, all of which dovetail together and build the house. This is just what the United Drug Company is doing for you in the medicine line. They have cut down profits; they manufacture Rexall Remedies for over 2,000 retail druggists. These druggists are the only intermediate profit that stand between The United Drug Company and the patient.

Could the United Drug Company, of which we are a member, afford to make one poor medicine in this line? Does not common sense tell you that one poor medicine would ruin the sale of the other 199 preparations? If you bought a Rexall preparation and it didn't do for you what we claim it will, would you buy another one of our articles? We believe not. Therefore each preparation must be good—it is good. We who are in the drug business know the formulas of these Rexall preparations. We believe in them so implicitly that we stand back of them, with our guarantee to refund you your money if they do not benefit you.

oldest and most successful concerns of its kind in this section of the State. Starting several years ago on a very small scale and limited capital, but with a full stock of ability and energy, Mr. Schafer has gradually climbed until today he is employing several men, and no business of its kind in this section is more prosperous—but none is more deserving.

## SCHOOL GIRLS

Most of our ambitious young American girls work too hard at school.

Many teachers have little or no judgment about pushing a child beyond her endurance. They ought to know that girls especially have a danger period. Often, too often, utter physical collapse is the result, and it takes years and years to recover lost vitality.

Many a young girl has been helped over this critical period, and been prepared for a healthy womanhood by **LYDIA E. PINKHAM'S VEGETABLE COMPOUND**.

Miss Elsie L. Hook, of Chelsea, Vt., writes to Mrs. Pinkham:

"I am only sixteen years old, but I want to tell you that Lydia E. Pinkham's Vegetable Compound and your advice cured me of headache, periodic pains and sleeplessness, also of a nervous, irritable condition after everything else had failed, and I want to thank you for it."

### FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency indigestion, dizziness, or nervous prostration. Why don't you try it?

This is one of the oldest and most reliable firms in the city, and have enjoyed a most remarkable trade, as is evidenced by the constantly increasing business with the increase of the city.

Captain Geo. M. Lynch, for years a resident of this city, but now of Jasper, where he is at the head of the great Jasper Normal Institute, is in the city. # SPENT LAST EIGHT YEARS IN MISERY

**Boston Banker Says His Life Has Been Hopeless for that Length of Time.**

Carlton H. Hutchinson, a leading banker and broker of Boston, with offices at 8 Congress Street, in that city, has recently come out with a very strong statement.

In the widespread discussion over Cooper's new theory and medicines which has spread over the country so rapidly, Mr. Hutchinson has taken the side of those who say that Cooper's theory is correct and his medicine all that he claims.

Mr. Hutchinson's emphatic statement is as follows: "Anyone afflicted with chronic ill health and a general run-down condition caused by stomach trouble, who does not try this man Cooper's medicine, is very foolish. I say this after a most remarkable experience with the medicine.

"I heard of Cooper's success first when he was in Chicago, as I have a private wire to that city in connection with my business. Later, when he came East, I learned more of him and his theory that stomach trouble causes most ill health. I have had no faith in anything not prescribed by a physician for each particular case after careful diagnosis, but after eight years of constant suffering, during which

time I spent over \$1,500 with absolutely no relief, I felt that it would at least do no harm to try the medicine which I was hearing so much about.

"During these eight years I have been forced to go without solid food for five and six weeks at a time. I always had a sour stomach, was troubled with formation of gas, and led the usual miserable life of the dyspeptic. I was dull, tired, nervous and gloomy all the time, and was always constipated.

"I have taken Cooper's medicine a comparatively short time. For the past month I have not had the slightest sign of stomach trouble. I can eat anything with no bad effect whatsoever. I have a fine appetite, am gaining flesh very rapidly, am cheerful, full of energy, and my nervousness has disappeared. My bowels are in perfect condition for the first time in eight years.

"I don't hesitate to say that I would not take \$50,000 and be back where I was. My relief and thankfulness is beyond description."

We sell Cooper's famous preparation described in the above statement. —J. W. McCallum & Co.

## BANKER WALSH SENTENCED.

New Trial Denied—Five Years in the Penitentiary.

Chicago, March 16.—John R. Walsh, former president of the Chicago National bank of this city, and convicted of illegal use of the funds of that institution, was Friday denied a new trial by Judge Anderson of the United States district court and sentenced to serve five years in the federal penitentiary at Fort Leavenworth.

As soon as the court had announced his decision refusing to grant a new trial, the defense entered a motion in arrest of judgment which they argued for some time. It was generally thought about the court room that they would consume two or more hours in giving their reasons for the granting of this motion but Attorney Hart, who presented it, ceased speaking in about thirty minutes.

Judge Anderson then promptly overruled the motion and sentenced the banker to five years in Fort Leavenworth.

## The Knock-out Blow.

The blow which knocked out Corbett was a revelation to the prize fighters. From the earliest days of the ring the knock-out blow was aimed for the jaw, the temple or the jugular vein. Stomach punches were thrown in to worry and weary the fighter, but if a scientific man had told one of the old fighters that the most vulnerable spot was the region of the stomach, he'd have laughed at him for an ignoramus. Dr. Pierce is bringing home to the public a parallel fact; that the stomach is the most vulnerable organ out of the prize ring as well as in it. We protect our heads, throats, feet and lungs, but the stomach we are utterly indifferent to, until disease finds the solar plexus and knocks us out. Make your stomach sound and strong by the use of Doctor Pierce's Golden Medical Discovery, and you protect yourself in your most vulnerable spot. "Golden Medical Discovery" cures "weak stomach," indigestion, or dyspepsia, torpid liver, bad, thin and impure blood and other diseases of the organs of digestion and nutrition.

The "Golden Medical Discovery" has a specific curative effect upon all mucous surfaces and hence cures catarrh, no matter where located or what stage it may have reached. In Nasal Catarrh it is well to cleanse the passages with Dr. Sage's Catarrh Remedy fluid while using the "Discovery" as a constitutional remedy. Why the "Golden Medical Discovery" cures catarrhal diseases, as of the stomach, bowels, bladder and other pelvic organs will be plain to you if you will read a booklet of extracts from the writings of eminent medical authorities, endorsing its ingredients and explaining their curative properties. It is mailed free on request. Address Dr. R. V. Pierce, Buffalo, N. Y. This booklet gives all the ingredients entering into Dr. Pierce's medicines from which it will be seen that they contain not a drop of alcohol, pure, triple-refined glycerine being used instead.

Dr. Pierce's great thousand-page illustrated Common Sense Medical Adviser will be sent free, paper-bound, for 21 one-cent stamps, or cloth-bound for 31 stamps. Address Dr. Pierce as above.

## Pays Death Penalty.

Pittsburg, March 14.—Morris B. Holmes, twenty-three years old, was hanged in the Allegheny county jail yard Thursday. Holmes stabbed Nancy Miller, his sweetheart, to death with a butcher knife. Just before going to the gallows Holmes said to his former pastor, Rev. Charles Miller, of the Homewood Methodist Episcopal church: "Please, for me, sound a warning to all young men to shun as though hell, bad women and white key."

## Albert W. Gilchrist

Candidate for Governor  
of Florida

No faction, machine or ring, brought him out. He came out as a candidate alone and single-handed. He will be glad to receive the support of the corporations, of the anti-corporations, the prohibitionists and the anti-prohibitionists, of the local optionists, the Christians and the Jews and of the Gentiles, the "Publicans and sinners." He would even accept the support of the Pharisees.

The corporations cannot do without the people, and the people cannot do without the corporations. Neither should be allowed to oppress the other. Capital is organized; labor should organize.

The license tax law licensing each little enterprise should be amended in order that taxation should bear more evenly.

Article XIX of the Constitution provides for Local Option. The qualified electors (not the Governor) approve or veto constitutional amendments. He is not on the "recently constructed band wagon."

He commenced life working in Quincy, Florida, at a salary of \$15 per month, and boarded himself. He has himself been a hard-working, struggling man and he knows what it means in others. He has never married; he has always had obligations. His life has been spent more in thoughtful consideration of other people than of himself. He feels sure he will be elected "if he gets enough votes." He does not propose to trade off a single office. There is honor in being Governor. If it is tainted with dishonor he does not want the office.

Thanking you for past support, and soliciting your vote at the coming election, I am, Very truly,  
BEN T. ARNOW.

I hereby announce myself a candidate for City Marshal in the election to be held on the 14th day of April, 1908. I promise if elected to endeavor to do the duties required by the ordinances as near as I possibly can, and I solicit the votes of all law-abiding citizens. Respectfully,

### PHOTOGRAPHY.

Photography today is an economic and social necessity in every community. It maintains the memory and affections of family life through the picture it makes, and which we could not now do without. How often is regret expressed that no picture exists of some friend or relative who is no longer with us! Sometimes, indeed, the camera has to intrude upon the sacredness of the death chamber itself when relatives feel that a photograph in such circumstances is better than none at all. Do not procrastinate. Be wise and "secure the shadow ere the substance fades."

Owing to the fact of another shipment which we received last of week we will continue this showing all week of March 16th. New White Goods, New Laces, New Embroideries, will be added to last week's lots. We wish to extend the invitation to ALL to come this week, look the new creations over—you will be in nowise under any obligation to purchase. We will be only too glad to have you come, take your own time, look them over—memorize our prices and qualities as far as you can.

## It is a Common Slander, Purposely, Widely and Industiously Circulated By Some Competitors, That THEIR Goods Are BETTER Than Ours

This misrepresentation is all farce, as any reasonable person knows. THE FIXED POLICY AT THE WILSON STORE SHALL EVER BE to collect ONLY TRUSTWORTHY GOODS and sell them at Lowest Prices. Faithful adherence to this method shall ever prove the strong plank in our platform. No matter what the rattle and talk, or the jolly statements and claims of competitors, you may come to the WILSON STORE in all confidence that the prices are as low—OFTEN TIMES LOWER—and the qualities and assortments AS GOOD as elsewhere. Advertising phrases, "smooth" and "sleek," "honeyed" and "hollow," costing little and WORTH LESS, are common enough, but when you judge the merchandise, MERIT alone should fix values.

We have additional help with us now, and will add more from time to time as needed, and pledge you faithful and appreciative service. Come and make our store headquarters—glad to have you examine our stock at all times, whether you wish to purchase that day or not.

We Call Special Attention This Week to These Three Lots Embroideries, With Inserting to Match:

LOT ONE	LOT TWO	LOT THREE
Edging and Inserting at 5c, worth as high as 10c	Edging and Inserting at 10c, worth as high as 20c	Edging and Inserting at 19c, worth as high as 35c

We believe these are the Biggest Values ever offered in Gainesville. Ask your neighbor about it—she saw an bought last week. You will certainly do yourself an injustice if you miss this chance. Favor us and benefit yourself by spending an hour with us one day this week. OUR BEST GUARANTEE—For any item bought of us, and after a week, or a month, you furnish us with sufficient proof that same item was bought at same time elsewhere, at a less figure, we will GLADLY refund you the difference, and thank you for the information.
